## Section 2: Summary of change(s)

**Please note:** Each change being made as part of the amendment must be entered separately. For example, if an amendment to a clinical trial of an investigational medicinal product (CTIMP) involves an update to the Investigator's Brochure (IB), affecting the Reference Safety Information (RSI) and so the information documents to be given to participants, these should be entered into the amendment tool as three separate changes. A list of all possible changes is available on the "Glossary of Changes" tab. To add another change, tick the "Add another change" box.

Change 1	
Area of change (select)*:	Participant Procedures

Specific change (select - only available when area of change is selected first)*:	Procedures - Change to the procedures undertaken by participants where there is no increased risk to the participant (e.g. changing site visits to phone calls or postal questionnaires)			
Further information (free text):	In light of COVID-19 pandemic, sites may collect clinical and participant-informed data remotely, by telephone or video call, where available. Blood samples and some clinical assessments cannot be collected remotely, so these data point may be omitted.
